WELCOME TO EC

We have over 20 years' experience in providing unique programmes for young students in top destinations around the world. We promise a learning adventure like no other!

For our young learners, an exciting activity programme accompanies stimulating, energetic English lessons. We encourage our students to express themselves freely and they emerge more confident, more proficient in English and with new friends from all around the world.

We embrace every one of our young students and welcome them as new members of the EC family. Our continuing care, attention to detail and love for what we do means our students feel at home straight away, no matter how far they have travelled.

After their exciting and enriching experience with us, they return home with unforgettable memories and stories to share.

THE EC EXPERIENCE

HIGH ACADEMIC STANDARDS

We are specialists in teaching both English and French. We teach English in all 12 of our destinations, and French in the beautiful bilingual city of Montreal. Our young students learn and practise by using all four language skills: reading, writing, speaking and listening. Through learning exercises and games in fun, engaging and powerfully effective lessons, they activate their passive knowledge, build their vocabulary and improve their functional language skills.

PASSIONATE TEACHERS

Our fully qualified teachers are our most treasured ambassadors, bringing fun, energy, and above all, smiles to the classroom. They prepare and deliver stimulating lessons, designed specifically for the age group they are teaching. They place a high importance on creating a fun environment and getting their students talking.

With the use of authentic resources such as music, the internet, newspapers and other media, they bring the real world into the classroom and make learning fun.

Our teachers regularly attend training seminars to keep up to date with new technologies and teaching methods. They are also passionate about providing the highest level of care and offer individual support and assistance whenever it is needed.

LIVELY CLASSROOMS

Our classrooms are bright and modern, taking a maximum of 15 students. This means a great mix of nationalities in each class, yet also allows for a high level of individual attention. We are experts in creating a dynamic classroom environment, giving students enough space to learn and also let their personality shine through.

Everyone sits a placement test on their first day and is placed in a class with other students of the same level.

AMAZING ACTIVITIES

Alongside every one of our high quality courses, there's an equally high quality activity programme. These programmes show students the very best of their destination and allow them to explore it with their new friends in safety and comfort. We offer a mix of cultural and leisure trips, with options for full-day excursions.

As well as broadening our students' horizons, these fun activities also enable them to practise the language in a relaxed setting outside of the classroom.

HAPPY HOME LIFE

We offer a range of accommodation options that varies by programme, and we have a great reputation for care and consistency. Whether students share a room at the school residence or experience a homestay with one of our carefully selected families, they will have a comfortable, supported and enjoyable experience in their 'home away from home'.

IN SAFE HANDS

Our students' wellbeing is our primary concern. All lessons and activities are constantly supervised with a dedicated team available 24 hours a day, 7 days a week. Students are encouraged to seek any help they need, at any time of the day or night.

Each of our centres is accredited by leading educational associations in each country as well as by major international organisations. These accreditations act as a seal of trust in the English language industry. They are solid proof of our commitment to providing high quality language programmes to our students.

“

Before coming to EC Toronto, I had to think a lot when I wanted to speak in English. Now I have more fluency when I think and I feel that I have definitely improved my writing too. EC Toronto organised many exciting activities. My favourite was when we went to Wonderland and a boat trip. I had so much fun on those ones that I wanted to repeat them. I really enjoyed my study with my friends. I'm going to miss them so much but I hope to keep in touch.

“

Cambridge is the centre of education and EC gave me an amazing opportunity to improve my English. I feel I am able to speak more fluently now.

My host family was fantastic and very welcoming. I will definitely recommend EC to my friends and I really hope my brother can come here in a few years' time. I had a very good time. Thank you for this!

“

My study at EC Brighton was very, very interesting! I like our social leaders so much! They made our activities so much fun. We always spoke with them and our English improved a lot.

I will miss everybody and I do not want to leave. I love EC Brighton and I am grateful for this wonderful experience.
