SIX REASONS WHY YOU'LL LOVE LAL

Reason 1:

We're experienced

We have been arranging language holidays for young learners for over 30 years.

Reason 2:

Great locations

Big city, seaside resort, Mediterranean island, exotic Africa or holiday paradise? You choose: we've got a school there.

Reason 3:

Care & supervision

We support and care for young learners from the moment they enrol to checking in at the airport on the way home.

Reason 4:

Courses designed for Young Learners

Our courses and our own text books were specially created for our students.

Reason 5:

Not just lessons

Our courses are packaged with exciting activities so students get the most out of their time away.

Reason 6:

The whole package

Course, activities, accommodation and airport transfers can all be included in the package price.

COURSES

Whether you prefer the authentic experience of living in a host home, or the closed campuses of schools or universities, we have a range of courses around the world.

Our packages include tuition, full-board accommodation (except day programmes), course materials, escorted return transfers from selected airports, activity and excursion programme, certificate of attendance & achievement.

Summer School English

Our Summer Schools take place at prestigious school and university campuses. Students stay in secure, staff-supervised residences and receive 20 lessons (15 hours) per week from professional, qualified teachers. This is balanced with a full leisure programme with a mix of on-site activities and excursions.

Summer Camp English

Our Summer Camp in Malta is for very young students. We include movement, pictures, stories, songs and games in our lessons, all designed to motivate and make learning fun.

TWO-CENTRE COURSES

In the UK and the USA you can try two schools in one country during your stay. It's a great way to find out about two different places on one holiday. You will need to book at least one week in each school.

We'll include free transfers from and to the airport at the start and end of your course. In the UK we'll provide a free transfer between the schools. In the USA we'll also provide free transfers between the schools, including the internal flight if you book before 30 April 2012.

Vacation English

Our Vacation English courses are taught by trained teachers and are designed for young students on a holiday programme. There are at least 20 lessons (15 hours) per week, focusing on communication, vocabulary and grammar. These courses are packaged with a great daytime leisure programme, so young learners can make new friends from round the world and are guaranteed a fun, safe and educational time.

Vacation English Plus

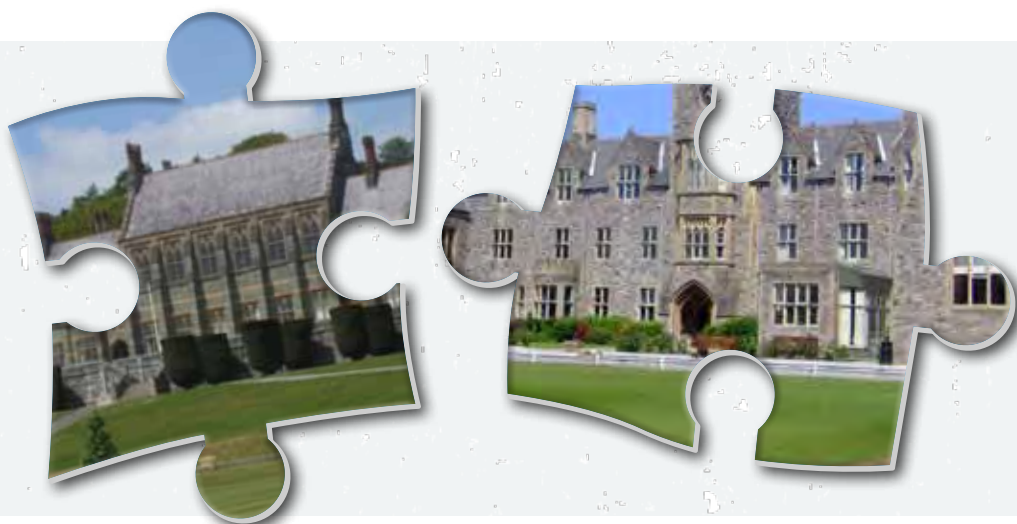

For complete entertainment you can also book Vacation English Plus with activities on at least five evenings each week.

Vacation English Day Programme

A daytime-only programme is available at some schools which does not include accommodation. This is ideal if parents are studying or holidaying at the same time as their children, and want to spend time with their children in the evenings.

English in Practice

Our English in Practice courses give young students even more opportunity to practise their English. There are at least 20 lessons (15 hours) per week, half of which are spent outside the classroom engaged in supervised task-based learning activities. Further recreational activities are included in an entertaining daytime leisure programme.

TORBAY

Torbay is one of the largest resorts in England and a brilliant destination for language travel: we've got long beaches, leisure parks, discos, a zoo, caves and a water park in an area that's been popular with families for years. Young students get the best of both worlds in Torbay – great English lessons and lots of fun!

Our summer school takes place on the large campus of Lynn University. Students will enjoy the experience of a traditional American university campus, but our course is independent of the university (which does not co-host, co-sponsor or endorse our programmes).
