

English 2012

programmes for junior students

I would like to welcome you to our 2012 Kaplan junior centers, with our wonderful choice of locations in the UK, Australia and the USA. As a parent myself, I know how important it is to make the right choices in our children's education – we need to find programmes that enhance their learning and entertain them; give them opportunities to make life-long friends and develop them as individuals and, above all, to choose programmes that care for each and every child from beginning to end.

Welcome

I believe that our junior programmes fulfil those expectations that you have, and provide the service that you as a parent need. It is a great pleasure for me to be a part of Kaplan's junior programmes and see the students and staff having such a really great time. Visiting those centers is a wonderful moment to witness how the future citizens of the world are learning and growing together. I very much hope that your children will have the chance to join us in the coming year.

Neil Harvey
Director

worldwide

Our programmes are a well-planned balance of classroom and non-classroom based learning in an English-speaking environment. The programmes offer an integrated package of tuition, accommodation and cultural experiences designed to promote more effective language learning and to open up a new world of understanding about the country in which your child has chosen to study.

What is a Kaplan junior programme?

Learning

- ✓ A junior student's course starts at home – we will enrol the student in an interactive online induction programme so that they are prepared for their course even before they get to the airport. (All centers except US groups).
- ✓ We will test the student's language level so that they can start studying with confidence.
- ✓ Once they arrive at their chosen center, a full programme of student-centred learning activities begins. The carefully selected teaching staff guide the students through their language development course targeted on developing their communication skills.
- ✓ We use a wide range of teaching media to ensure they get the most out of the classroom-based learning with some of our centers benefiting from interactive whiteboards.
- ✓ With a maximum of 15 students per teacher, we believe that our academic programme brings really great benefits no matter how short or long the course.
- ✓ We also ensure that the language developed inside the classroom is pushed further in the wonderful world outside the classroom, by matching language learning to language use, through the integrated social and cultural programme.
- ✓ On successful completion students will graduate from the programme and receive a Kaplan Achievement Certificate.

Kaplan offers students the option of either staying with one of our experienced local hosts or in the international environment of one of our residences. Choosing which accommodation type to take can be one of the more difficult choices for a parent, so below we have given you some information to help you make that decision.

Living

Homestay

Our hosts have been chosen for their interest in hosting young people from around the world. They are picked because of the care and comfort they can offer to students who may be travelling overseas for the first time.

Choosing to stay in homestay is the right option for those who want to experience real life living in that country – it will give a student the opportunity to use English to function as part of a normal family, living the local life and all that has to offer.

Homestay is often the first choice of the slightly older student.

Residential

Our residences are very much a fun, international environment where students from around the world live together and get to use English as the only true way of global communication.

The residences are supervised by staff who are on hand to help the students day and night. Each residential center differs slightly in the room and bathroom type so please take a look at the programme pages in this brochure.

Residential accommodation is popular with parents who are sending younger children or those who want their children to experience the tremendous fun of communal living.

Young people learn best and most effectively when they are relaxed, motivated and engaged! That is why we believe it is very important to offer a range of opportunities for cultural and social exploration.

Activities

So what might the students be doing?

Afternoon sports camps – where students compete in teams and as individuals representing their Kaplan team.

Task time – where students in teams of different nationalities work together to complete a task chosen by their Kaplan Team Leader – such as building a bridge, making a raft, orienteering and much more.

Competitions – learning to work with their team, students compete through a series of quizzes and challenges to become Center Champions for that week.

Barbecues – at the end of a really busy week, relax with some delicious food cooked outdoors, be that on the beach or in the forest.

Review nights – working with their team, students plan, rehearse and perform entertainment for their fellow students and a panel of judges who award prizes.

Flora and fauna – together with a Kaplan activity staff member, students explore the changing environment in which they are staying, and write up the results of what they have found.

Discos and parties – these Kaplan events are the focal point of the whole Kaplan week for many students – a real chance to dance.

'The students have so many fun activities planned that they bring these experiences into the classroom, creating an enthusiastic environment for interaction and anticipation of the next day's events'.

Maureen Schaffer,
Teacher at KIC Whittier College

The other key features of this part of our programme are the full and half-day excursions. These trips are designed to expose students to historic and culturally significant locations.

Excursions

So where might they be going?

In the UK...

Stratford-on-Avon – to see the birthplace of William Shakespeare, and the historic town of Stratford.

London – to experience one of the world's great cities and witness sites from Westminster Abbey, Big Ben and Buckingham Palace.

Bath – the city of Jane Austen and the finest 18th century architecture in Europe.

In the USA...

Disneyland – the original and most iconic of all theme parks that brings pleasure to millions.

Boston – the revolutionary city that led to the creation of this wonderful country.

San Diego Zoo – a beautiful venue with an incredible commitment to conservation.

In Australia...

Green Island – a beautiful 6000-year-old coral cay located in the Great Barrier Reef Marine Park – a premier world heritage site and one of the Seven Natural Wonders of the World.

Cairns Tropical Zoo – come hug a koala or crocodile – the choice is yours!

'This was my best experience, I met many people around the world. I had a great time in Kaplan Torquay and I learned a lot!'

Veronica Suarez Calderon,
Colombia

Behind all of our programmes in all of our destinations lies our commitment to caring for each and every student. That commitment shows through our academic, accommodation and activity programmes, but most importantly through our approach to student welfare.

Kaplan care commitment

Quality

- ✓ Our centers are fully accredited members of the national inspection schemes:
 - the British Council in the UK
 - ACCET in the USA
- These schemes mean that our centers have to meet or exceed the criteria that those organisations decide.

Getting to the center

- ✓ We are pleased to offer an integrated transport service that will bring the student from the airport to the door of their accommodation.
- ✓ If a student is travelling as an unaccompanied minor then we will be happy to help – just let us know.

Leaving for home

- ✓ We finish every course with a leavers' party to mark that special moment – and students can return home not only with their hard won certificate of achievement but with a memory full of wonderful days and special friends.

Before leaving home

- ✓ We start work long before the course begins. We research and choose the most appropriate locations and centers, and form an excellent working relationship with them.
- ✓ We recruit with great care the staff that will work at the centers and the hosts who will provide a warm welcome to their student guests.
- ✓ We carefully plan out our academic and cultural programmes, keeping both current and responding to the feedback that our parents and students have given us.
- ✓ We will provide students with a special online induction programme to help prepare them for their new home for the next few weeks. (All centers except US groups).
- ✓ If you need us to arrange medical and travel insurance we can do that too. We need everyone to have it in place before they arrive, so if you can't find any, we can help you.

At the center

- ✓ Our Kaplan teams at the centers are the essence of the care commitment. As well as a specific staff member dedicated to welfare, every member of the team is there to ensure that each student is cared for.

Giving young people from around the world a truly great learning and living experience is an important part of Kaplan's wider world. We would like to share some of these opportunities with you.

Kaplan's wider world

Picaro - The Online English Adventure

Dates: Year round

Ages: 4-9

Details: Kaplan International Colleges, Fox International Channels' BabyTV and University of Cambridge ESOL Examinations have teamed up to bring you Picaro, a unique virtual learning environment designed to teach a tailored English curriculum. Picaro will be available for use in schools and language centers from the end of 2011.

www.picaroworld.com

Courses for Adults

Location: Over 40 exciting locations in the UK, USA, Australia and New Zealand!

Dates: Year round

Ages: 16+

Details: Kaplan offers you English language courses, university and exam preparation programmes, and work and study options at over 40 international colleges and centers worldwide.

www.kaplaninternational.com

Pathways to University

Location: 11 amazing locations in the UK, USA, Australia and New Zealand

A day in the life of a junior student

Oliver Gris

Bournemouth Residential

My name is Oliver, I am 14 years-old and I come from Switzerland.

I am staying in Bournemouth for 2 weeks. I live in a residence with international students (Kazakh, Russian, German and Italian). I will describe to you what I did yesterday.

8:00 Breakfast

I woke up at 7:00, I took a shower and I got ready for breakfast in the student canteen. For breakfast I usually have toast, a croissant and some orange juice.

13:30 Afternoon activity

This time we went to Bournemouth city centre which is my favourite thing on the programme. I did some shopping and then I played football on the beach with my friends and the school staff. I also had a swim in the sea!

9:15-12:45 Lessons

Time for lessons! Yesterday the topic of our lessons was films. First we all practiced speaking and then I had to write a short story about my favourite movie.

18:00 Dinner

After the activities we all went back to the campus for dinner. I had pasta with chicken and vegetables.

12:15 Lunch

At 12:15 I had lunch with my friends in the student canteen. After lunch we normally have just over an hour before the afternoon activity begins.

19:15 Evening activity

In the evening we had a Film Night in the Lecture Theatre - it felt like being in a real cinema!

I really like Bournemouth and the whole programme. The lessons are great because the teachers are always nice, helpful and fun, but my favourite thing on the programme is going to the city centre (near the famous balloon) and to the beach. I am also a sports fan so I'm really glad I can play football, tennis and basketball nearly every day. And I love the weekend excursions, especially going to London! Whatever I do here I meet international students from all over the world and I hope we'll stay friends.

Laura Hernandez Llinas

Salisbury Homestay

Hi, my name is Laura and I'm 16 years-old. I come from Salamanca in Spain.

I am a student in Salisbury for the second time. I'm staying with the same host family as last year because they are the best! Here is what I did yesterday.

8:00 Breakfast

I normally wake up at 7:00, I have a shower, I get dressed and have breakfast with the other students staying with the same family. After breakfast we walk together to the school - it takes us approximately 20 minutes.

13:30 Afternoon activity

There are normally two or three activities to choose from in the afternoon. I like to go to Churchill Gardens where we play football, volleyball, cricket or rounders. The city center and the Cathedral are really close to the school so sometimes we walk there after our activities.

9:15-12:30 Lessons

The first lesson was about writing and speaking and we focused on our hobbies. During the second lesson we worked on a project about living in the UK. It involved a street survey and preparing a poster.

18:00 Dinner

I always have to be back at home by 18:00 for dinner. It is also time for me and the other students in the house to talk to each other and our host family about our day.

12:30 Lunch

My host family prepares a packed lunch for me every day and I usually go to the canteen to eat it and catch up with all my friends.

19:30 Evening activity

Last night we had a Disco Night, which is one of my favourite things on the programme. It took place at the Chapel Club and our host father drove us there. We finished dancing at 22:00 and after that we were taken home on school minibuses.

Salisbury is a fantastic place to stay - it is not too big but there are a lot of interesting things to do. The lessons are fun and our teachers always make us interact with the other students so we can improve our English and make friends with students from all over the world at the same time. I like the activities programme and trips to all the interesting places. My host family is amazing and I know I can talk to them about everything. They treat me like I was their own daughter. I really like the whole experience!

Our London Bushey junior center is based at St. Margaret's school, set in a peaceful, rural location on the edge of Bushey, Hertfordshire.

For group booking please contact a Kaplan International College representative.

Terms and Conditions for individual students – (Terms and Conditions for groups are available from your Kaplan representative)

1. Rules and regulations: Students' arrangements with Kaplan are governed by the law of the country where the particular school attended is located.

2. Arrivals and departures: Students should arrive for their programme on the Sunday, where the academic element of the programme begins on the Monday, unless otherwise advised. Accommodation is booked from the Sunday (being the programme commencement date) until the Saturday after the academic element of the programme has ended. In the UK, return airport transfers are included in the individual student price. This service is offered between 0700 and 1800 on arrival Sunday and departure Saturday. Students must notify their Kaplan representative of their flight arrival and departure times in advance. Outside of the stated times, separate transfers will need to be organised at an extra cost to the student.

3. Late arrivals, vacations and absences: If a student enrolls late or is absent at any time during the programme, no refund will be made for the time missed. A student must notify his/her Kaplan representative in advance if he/she is going to arrive on the programme after the programme commencement date. Failure to notify the Kaplan representative in advance may result in a student's enrolment being refused. Periods of absence cannot be made up with a free extension of the programme. Kaplan also reserve the right to charge part weeks at a whole week rate.

4. Meals and classes missed: No refunds or substitutions will be made for meals or classes missed, including any owing to excursions, first day orientation or other obligations that fall outside the normal schedule.

5. Public holidays: Classes are normally not held and most center facilities are closed on public holidays. Compensation will not be made for classes not offered on public holidays.

6. Campus facilities: Students attending a junior center at a university or college campus location are advised that some campus facilities may not be available during campus holidays. Further details are available from your Kaplan representative.

7. Change fees: If a student requests a change of center location, programme dates, accommodation or programme type fewer than 4 weeks before the programme start date or after the programme has started, a change fee of GBP60, USD100 or AUD75 will be charged which is payable at the time the request is made. If changing to a center where fees are lower, the difference in fees will not be refunded. If changing to a more expensive center or programme, the difference in fees will be charged. All changes are subject to Kaplan's discretion and require the approval of the Center Manager, and in the case of students aged under 18, the written consent of the student's parent and/or guardian. A student will not be charged a change fee if he/she extends a programme. It is the responsibility of the student to pay for any programme extensions. Any change to a programme resulting in a reduction in lessons will be treated as a termination of the existing booking and a rebooking and will thus be subject to the Termination Policy.

8. Duration of lessons: All English lessons are 45 minutes in duration (60 minutes on the Young Learners Programme in Cairns). Classes run from Monday to Friday and lessons may be scheduled both in the morning and the afternoon.

9. Programme changes: Kaplan has the right to change programme dates, course curricula, tutors, locations, accommodation and programmes at any time at its discretion. However, in cases where the programme is rescheduled prior to the start of the programme start date and the new date is unacceptable to the student, all fees will be refunded. Changes made to the standard, inclusive social and cultural schedule at the participant's (or participant's representative's) request will result in additional charges.

10. Prices: Kaplan has the right to change prices at any time. Prices quoted in the brochure are valid for programmes starting in 2012.

11. Maximum UK homestay center stay: Students aged under 16 are not permitted to stay at the same UK homestay center for more than 27 consecutive nights. If any homestay student is on a programme running longer than 27 nights, the student will be moved to the alternative homestay or residential center indicated on the enrolment form, subject to availability. Supplementary charges will apply.

12. Residential accommodation deposit: A refundable deposit (which is not included in the programme fee) will be charged on arrival to students taking residential accommodation. Further details are available from your Kaplan representative.

Any damage or loss caused by a student will be deducted from the deposit, and students are liable to pay for any surplus charges not covered by the deposit amount. In some cases the deposit may be non-refundable if the booking is cancelled or terminated (see clause 13 below).

13. Conduct and discipline: Kaplan may expel or suspend any student whose behaviour does not comply with center rules and/or local laws. Such offences include but are not limited to:

- Under-age purchase, attempted purchase or consumption of alcohol, cigarettes or tobacco;
- Possession of illegal substances;
- Damage to property of any kind;
- Unsatisfactory attendance at lessons/activities (whether or not such attendance is in breach of any visa attendance requirements);
- Violent or threatening behaviour to others;
- In such cases, no refund will be given. The student will be liable to pay any costs linked to their repatriation to their home country.

14. Liability: The liability of Kaplan, its group companies, their directors, officers, employees, affiliates, agents and partners with respect to losses arising from negligence (except where such liability cannot be excluded as a matter of law), breach of contract or otherwise will be limited in all circumstances to the full amount paid to Kaplan or the relevant Kaplan group company by the relevant student for the particular programme. Such companies and persons will in no circumstances have any liability for indirect or consequential losses or damages.

15. Force majeure: Kaplan will not be liable in cases where it is unable to fulfil any services to which it is contractually bound because of fire, natural disaster, act of government, failure of suppliers or subcontractors, labour disputes or other reasons which are beyond its control.

16. Codes of practice: Kaplan has agreed to observe and be bound by the Australian National Code of Practice 2007 and the Educational Services for Overseas Students Act 2010 (ESOS Act 2010). Information on these Codes is available from www.aei.gov.au/aei/esos.

17. Australia: Kaplan Aspect Cairns Pty Ltd is trading as and referred to as Kaplan International Center Cairns. Agreement to these Kaplan Terms and Conditions does not remove the right to take further action under Australia's consumer protection laws, or their right to pursue other legal remedies under Australian law. All additional information and documents can be found at www.kaplaninternational.com

18. Distance selling regulations: Where a student who is applying to study in the UK resides in the EU at the time of signing the enrolment form, the student has 7 working days from the date of signing to cancel his/her enrolment by notifying his/her Kaplan representative. After such time, fees will only be repayable in accordance with these Terms and Conditions.

19. Insurance: All participants on Kaplan programmes are required to have in place, for the duration of their stay, appropriate travel and medical insurance, and evidence of this provision may be required prior to starting the programme. Such insurance is available from your Kaplan representative. NB for visitors to the UK or Ireland centers, holding an E-111 certificate is not accepted as adequate provision of such insurance.

20. Terms and conditions for groups: Separate General Terms and Conditions apply for group bookings. Please contact your Kaplan representative for details.

REFUND POLICY

Refunds, in accordance with these terms and conditions will be made via the Kaplan representative to whom the fees were originally paid, or to the student's (or their parent's or guardian's) bank account in the same country in which the fees were originally paid. All refunds will be made within 45 days of written notification. In the event of Kaplan cancelling or terminating a programme, a full refund of all unused fees will be made.

Australia: Refunds will be paid within 14 working days of written notification. In accordance with the ESOS Act 2010, providing the student has not withdrawn before the default day, Kaplan will pay a full refund to the student within 14 days if the programme being offered does not commence on the agreed start date, or the programme is stopped at any time after it starts and before it is completed, or the programme is not provided in full to the student because a sanction has been imposed on the junior center. These terms and conditions do not remove the right of the student to take action under Australia's customer protection laws.

CANCELLATION POLICY

'Cancellation' means cancelling a programme before the start date of the programme, and for Cairns and the USA only, also includes failing to start the programme on the programme commencement date (excluding late arrivals as per clause 3).

UK and USA: The following policy applies to individual student cancellations:

- In cases where cancellations are made in writing at least 7 days (homestay centers) or at least 14 days (residential centers) before the arrival date listed on the booking confirmation form, 100% of the programme price will be refunded, but the courier fee, deposit, travel and medical insurance fee and any other additional service charges are non-refundable (up to a maximum of USD500 for USA programmes);
- In cases where a student's visa application is rejected, upon receipt of the relevant supporting documentation, the above policy will apply, except that the deposit will be refunded in addition to the programme fee;
- In the UK, for cancellations made fewer than 7 days (homestay centers) or fewer than 14 days (residential centers) before the arrival date listed on the booking confirmation form, the programme price will be refunded less one week's package fee.
- In the US, for cancellations made fewer than 7 days (homestay centers) or fewer than 14 days (residential centers) before the arrival date listed on the booking confirmation form, the program price will be refunded less one week's accommodation fee and any other incurred expenses up to a maximum of USD500. If the student has already arrived in the US on a Kaplan-issued I-20, costs equal to 4 weeks (courses of 1-11 weeks) or 6 weeks (courses 12+ weeks) are forfeited.

Australia - Cairns Young Learners Course: The following policy applies to individual student cancellations:

- Cancellations made in writing 14+ days prior to the arrival date listed on the booking confirmation form: 90% refund of the programme fee;
- Cancellations made in writing 7-13 days prior to arrival: 60% refund of the programme fee;
- Cancellations made in writing 0-6 days prior to arrival: 30% refund of the programme fee.

The courier fee, deposit, travel and medical insurance fee and any other additional service charges are non-refundable in all cases.

TERMINATION POLICY

'Termination' means stopping or leaving all or part of the programme once the programme has started, including any extensions to a programme, and in the UK only, may also include failing to start the programme on the programme commencement date (excluding late arrivals as per paragraph 3). When determining the number of weeks completed, a partial week will be counted as a whole week, provided the student was present at least one day during the scheduled week. In all cases the deposit and additional service charges (eg. airport transfers at most centers, courier fees, travel and medical insurance fee etc.) are non-refundable and written notification of termination must be given to the Center Manager. Students who terminate their programme will not be eligible to receive a Kaplan certificate of attendance.

Kaplan's refund policy for individual student terminations in the USA is as follows:

- Programmes of up to 4 weeks: No refund, irrespective of when the termination is effective.
- Programmes of over 4 weeks: The first 4 weeks are non-refundable and refunds for any additional weeks will be calculated as follows for terminations made:
 - Where notice of termination is given during the 1st week: 75% of programme fees for additional weeks;
 - Where notice of termination is given during the 2nd week: 50% of programme fees for additional weeks;
 - Where notice of termination is given during the 3rd week: 25% of programme fees for additional weeks;
 - Where notice of termination is given during or after the 4th week: no refund.

UK and Cairns Young Learners: Students terminating a programme are not entitled to a refund in respect of any fees paid.

Kaplan reserves the right to notify the relevant government department where a student cancels, terminates, does not achieve satisfactory attendance or is expelled from the programme.

These Terms and Conditions may differ according to any changes in the policy made by the government where the junior center is located or at Kaplan's discretion. Students will be notified at the time of booking of any such amendments. Any dispute, claim or other matter arising will be subject to the current laws in the destination country. In these Terms and Conditions, Kaplan refers to all Kaplan International College schools including Kaplan International Centers in the UK, USA and Australia and the related Kaplan companies.
