# Language Teaching Centres

At Language Teaching Centres our aim is simple – to offer you the best language learning experience possible.

Travelling to the UK is a fantastic opportunity for you to experience life and the English language in an English-speaking country. Your learning experience inside the classroom is important but your whole programme will be something you remember and benefit from for the rest of your life, making lifelong friends along the way.

At Language Teaching Centres (LTC) we use our 25 years of experience to make sure you get the maximum benefit from your time here in England. Our courses are designed to increase your knowledge, extend your fluency, enlarge your vocabulary and improve your understanding as you become immersed in the language and culture of the UK. Your confidence will increase and you will see the improvement in your language skills.

Our schools are in three popular locations chosen for their lifestyle, security and ease of transport. However, each school offers a slightly different environment with different specialities.

Feeling safe, comfortable and welcome at all times is a key factor in getting the most from your stay in England.

All three schools have host families who are close to the schools - in London and Brighton a maximum of 20-25 minutes' travelling distance, and in Eastbourne a maximum of 35 minutes' walking distance or a short bus ride. Some are much closer as the schools are all located very near residential areas.

We can also offer private home accommodation, where you will live with a host but will have more independence. This includes bed and breakfast and self-catering options.

### Residential Accommodation

Eastbourne offers shared residential accommodation for students aged 10-16. This is reserved for groups all year but in the summer time it is also available for individuals. For adults, London offers single room, half-board residential accommodation all year (with limited space), and Brighton offers single room, self-catering accommodation at the Sussex University in the summer time.
